ROCKY RESEARCH RECEIVES ADVANCED THERMAL MANAGEMENT SUBCONTRACT FROM KRATOS

BOULDER CITY, NV - HUNTSVILLE, AL (October 9, 2009) - Rocky Research, a leader in thermal and energy management solutions, has received a \$16,564,000 subcontract from Kratos for advanced thermal management of high-density electronic, monitoring, sensor systems and enclosures based on the recent Space and Missile Defense Command contract award to Kratos.

About Rocky Research

Rocky Research has a long history of solving thermal problems across an incredibly broad range of commercial, industrial, and defense applications. With facilities in Boulder City, Nevada, and Huntsville, Alabama, Rocky Research is home to a dedicated group of scientists, engineers, technicians and support personnel. The Huntsville facility offers prototype assembly as well as production and integration of commercial, industrial, or military high-density electronic systems utilizing Rocky Research's advanced thermal management approaches and devices.
